*Team: OiOPČJ,
Tina and Roland*

"What we can only add for our team OiOpčj is that this year brought no surprises. Organizers of the Rekreatur and their focus on assuring good vibes and good safety, always create this superb atmosphere which is so highly influential that we have great time regardless of the pouring rain or the infernally hot days. This is your winning formula, which clearly does not fail under any circumstances. All respect goes to you. Keep it going!"

*Team: Samsung Mobile,

*Team: Primary School Naklo,
Zlata*

"This year Rekreatur once again proved to be the unforgettable event and again you had proven yourselves with the right choice of the beautiful course. Cycling is really one of the best ways to discover our beautiful country and not only with our eyes but also with our scent while passing by the flowers, shrubs, fruit gardens, Krka river, etc."

*Team: Jezerjanke,
Maja*

"In the name of Jezerjanke we thank to the entire Rekreatur team for the positive energy presented during these days. Big praise goes to the organization, protocol, and mainly to the route altering with the termination of the last ascent on Friday in the 1st stage."

*Team: Voglanci on the handlebar,

"Once again, it was great. Everything went perfect, at least what we have witnessed. You really need to experience the Rekreatur and not just to accompany it."

*Team: Radio Kranj,
Igor*

"We liked the start and the finish based at the same place, bicycle storage, service, showers, music, start line and the atmosphere at the finish line."

*Team: Adria Airways,
Brane*

"We like the routes avoiding main roads wherever is possible, like Dvor - Žužemberk and many similar de-tours. However, if only they would be upheld by all the teams. The orientation itself also carries its own charm."

Team: Spirit of Golnik, Aleš

"Many thanks and compliments to all other teams for the atmosphere, the mileage, sports spirit and good mood along the road as well as in the evenings. We are also very pleased that we, besides cycling, had no other work and could therefore relax for few days without thinking of our job :)

Team: Prošport, Damjan

"We spent four wonderful days that, like every year, charged our batteries and created new desires so that we are looking forward for the next Rekreatur 2012."

Team: Flying dutches, Nataša
